

Level 8 Challenge

Date _____ Period _____

Solve each equation. You must show all of your work and circle your answers. You must get all three problems correct to pass on to the next level.

1) $-2 + 4 + 3r - 1 = r - 3$

2) $6n - n = -5 + 6n + 3 + 6$

3) $-x + 12x - 9 = x + 1$
